NHS OpenAthens—Spread the Word to your Colleagues

Those of you that already have a free NHS OpenAthens account will know how informative and time saving it can be - access to BMJ Best Practice, full text articles, the Knowledge & Library Hub, e-learning... But it seems that many of your colleagues don't know about it. Fewer than 400 Primary Care staff in Oxfordshire take advantage of this free facility so spread the word. Accounts can be set up [here](#). Select Primary care and ICB staff in Oxfordshire as your organisation.

Randomised Coffee Trial - A Refill?

This was very popular when it was run at the start of 2025. Shall we do it again the same or different this time...
