Mental Health and Wellbeing - Support for Parents

| 3 Hours

This course explores how parents with mental health problems can sometimes worry about how their difficulties may impact upon their parenting and looks at who they can ask for support in times of need. This course is designed to help parents to feel empowered in their own ability to support themselves and their families. It aims to reduce any fears around asking for help with parenting or mental health problems. This course is suitable for parents with mental health challenges, their family and friends, as well as professionals that may work with these parents.

Mon 4th | 10:00 - 13:00 | Oxford

Wed 20th | 10:00 - 13:00 | Witney

Navigating the System

| 3 Hours

This course explores the experience of those seeking and engaging with mental health services in Oxfordshire. and the common frustrations that people can face, with particular focus on problem solving around these issues. Students will discover different ways in which they might prepare for an appointment, deal with long waiting times and get their needs met by appropriate services. This course is suitable for people who are engaged with services or seeking to engage and the people who support them; friends, family and carers.

Fri 15th | 13:00 - 16:00 | Witney

T'ai Chi and Wellbeing

| 3 Hours

This course offers the opportunity to learn some easy T'ai Chi movements as a stress-reduction tool to help in recovery. No previous knowledge is required and you will be given opportunities to experience the beneficial effects in your mind and body whilst being guided through movements during the workshop. There will be details of a link to a free online tutorial and further practical classes.

Mon 25th | 13:00 - 16:00 | Oxford

Understanding Depression

| 3 Hours

This course will provide a chance to think about what depression is like and how it affects someone's life, as well as an understanding of what causes depression and how to respond to it. The course will examine personal experiences of depression (on video and in text) to illustrate that depression is not an isolated experience and that it is possible to recover.

Tue 19th | 13:00 - 16:00 | Oxford

Understanding Mental Health

| 3 Hours

This course will explain what is meant by 'mental health' and the most common mental health conditions. It will explore some of the terminology applied to mental health to improve understanding of some diagnoses and discuss myths and prejudices surrounding mental health and the need to challenge them.

Fri 8th | 10:00 - 13:00 | Banbury

Thu 28th | 10:00 - 13:00 | Oxford

Understanding Psychosis

| 3 Hours

This course follows the journey of someone who has experienced psychosis, exploring what can be challenging and what can be helpful in someone's recovery journey. This course aims to inspire students with the hope of recovery through education. It is suitable for anyone who has experienced psychosis, or is a carer or professional supporting someone who is dealing with psychosis.

Mon 11th | 13:00 - 16:00 | Oxford

Understanding Self-harm

| 3 Hours

This course aims to provide a safe space in which students can think about and discuss the different reasons that a person might engage in self harming behaviour – focussing on why, not how. We look at statistics – the prevalence of self harm in the UK and think about what might drive so many people to engage in self harming behaviours. Having identified some of the reasons that people engage in self harming behaviours we think together in detail about possible alternatives. A course that aims to enable students from different backgrounds to locate resources and describe alternatives as appropriate to their need.

Thu 21st | 10:00 - 13:00 | Oxford

Understanding Stigma

| 3 Hours

This course is aimed at students looking to increase awareness of what we mean when we talk about stigma in relation to mental health, and its potential impacts on people from all walks of life. We look at how legislation, the media, education and our daily interactions can all influence, and be influenced by stigma, and at the different ways in which people can and are working to challenge and change stigma. The course is suitable for anyone wishing to gain a better understanding of stigma and its impacts, and may be of particular interest to people with an interest in mental health advocacy.
