**Recruiting  
 NOW!**

## **MALE PERINATAL PEER SUPPORT WORKER**

Are you a partner with lived experience of having children and/or supporting a partner in receipt of perinatal services? We are looking for a male PSW to join the perinatal team and support partners who would like support with supporting their families/partners.

Would you like to join the peer support training programme to build on the skills you already have, using hope, empathy, and knowledge of community services to support partners who are seeking support?

The role will include attending our regular partners' forum and visiting families in their homes, working with partners who may be struggling and would like somebody of similar experiences to talk to.

**We understand the importance of diversity and want to acknowledge and encourage a father's/partner's perspective as it is crucial and can sometimes be missed.**

**Apply by  
 January  
 31**

**For more information and the application form,
