

This template may be used by Foundation trusts and NHS trusts to record the self-certifications that must be made under their NHS Provider Licence.  
You do not need to return your completed template to NHS Improvement unless it is requested for audit purposes.

## Self-Certification Template - Conditions G6 and CoS7

Oxford Health NHS Foundation Trust

*Insert name of organisation*

Foundation Trusts and NHS trusts are required to make the following self-certifications to NHS Improvement:

*Systems or compliance with licence conditions - in accordance with General condition 6 of the NHS provider licence*

*Availability of resources and accompanying statement - in accordance with Continuity of Services condition 7 of the NHS provider licence (Foundation Trusts designated CRS providers only)*

These self-certifications are set out in this template.

### How to use this template

- 1) Save this file to your Local Network or Computer.
- 2) Enter responses and information into the yellow data-entry cells as appropriate.
- 3) Once the data has been entered, add signatures to the document

**Declarations required by General condition 6 and Continuity of Service condition 7 of the NHS provider licence**

The board are required to respond "Confirmed" or "Not confirmed" to the following statements (please select 'not confirmed' if confirming another option). Explanatory information should be provided where required.

**1 & 2 General condition 6 - Systems for compliance with licence conditions (FTs and NHS trusts)**

1 Following a review for the purpose of paragraph 2(b) of licence condition G6, the Directors of the Licensee are satisfied that, in the Financial Year most recently ended, the Licensee took all such precautions as were necessary in order to comply with the conditions of the licence, any requirements imposed on it under the NHS Acts and have had regard to the NHS Constitution. Confirmed OK

**3 Continuity of services condition 7 - Availability of Resources (FTs designated CRS only)**

3a After making enquiries the Directors of the Licensee have a reasonable expectation that the Licensee will have the Required Resources available to it after taking account distributions which might reasonably be expected to be declared or paid for the period of 12 months referred to in this certificate.  

OR

3b After making enquiries the Directors of the Licensee have a reasonable expectation, subject to what is explained below, that the Licensee will have the Required Resources available to it after taking into account in particular (but without limitation) any distribution which might reasonably be expected to be declared or paid for the period of 12 months referred to in this certificate. However, they would like to draw attention to the following factors (as described in the text box below) which may cast doubt on the ability of the Licensee to provide Commissioner Requested Services. Confirmed  

OR

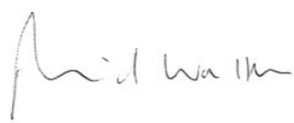

3c In the opinion of the Directors of the Licensee, the Licensee will not have the Required Resources available to it for the period of 12 months referred to in this certificate.  

**Statement of main factors taken into account in making the above declaration**

In making the above declaration, the main factors which have been taken into account by the Board of Directors are as follows:

The Board considered the financial resourcing risks to the delivery of Commissioner Requested Services amongst the other areas relevant to this certification aspect. As part of those considerations was the Trust's current and anticipated contract position with commissioners (in Oxfordshire, Buckinghamshire and for specialised services with NHS England) for FY22; although the Trust had achieved settlement with Oxfordshire commissioners, the Trust was still bearing the legacy of historic underfunding. The Board reflected upon anything impeding the Board's ability to conclude its 'reasonable expectation' given the necessary clarity needed regarding contracts from April 2022. The Trust has over the past few years evidenced activity increases and high levels of efficiency. The Board has also considered the impact of COVID-19 on the Trust, its service users, the system and on society and also the strong expectation consequentially that this will significantly increase the levels of demand for our services alongside exacerbated workforce shortages. Commissioner affordability with regard to the mental health investment standard in meeting the required mental health investment, including the additional growth in patient demand and acuity across the system, will mean that the receipt and effective application of the additional funding is essential requiring detailed delivery plans. It is anticipated that there will be considerable need for psychological and mental health support and a recognition of increasing demand post COVID-19. It seems increasingly likely that demand on the NHS will be spread over a much longer period of time than initially expected. But this will still require staff to work at very high levels of intensity and pressure. If that is the case, the NHS is going to have to think very carefully and deeply about how it can support its staff over that period.

Signed on behalf of the board of directors, and, in the case of Foundation Trusts, having regard to the views of the governors
