

## Telling Stories // Aged 0 -2

Speak to babies face to face so they can watch your facial expression.

---

Talk to babies and toddlers about the simple events of the day using interesting intonation (changing the pitch of your voice).

Repeat phrases linking to the event of the day, for example “We played in the sand today and sang pat-a-cake....We sang pat-a-cake didn’t we? We had lots of fun!”

---

Look out for signs that toddlers are learning to play imaginatively. This begins with including toys within the child’s everyday activities, e.g pretending to feed/dress a doll or teddy, drive a toy car etc.
